DATE/TIME	USER	ACTION	DETAILS
02/15/17 15:45	Nurse Colleen	Changed Status	From 'Open' to 'Closed'
02/15/17 15:45	Nurse Colleen	Staff Response	Mr. Jackson, we have been in touch with your surgeon's office multiple times, most recently again today. The testing you are referring to is not emergent and does not need to be done immediately. Thank you.
02/15/17 15:45	Nurse Colleen	Internal Note	Inmate is not providing correct information. The surgeon's office has been contacted multiple times and states that all medical recommendations have been provided to SCCIC staff. The physicians at SCCIC have reviewed the documentation multiple times. There is no emergent need for the barium xray and or the colostomy reversal. Inmate's medical needs are being addressed appropriately.
